Compass KIDS
Student Behavior Guidelines

Overall Guiding Principle

*Treat child with respect, dignity and gentleness
Praise in public, correct in private*

1. Assure you are teaching in an age-appropriate, captivating way.
2. Review your classroom rules each week at the beginning of class. (e.g. listen when teacher is teaching; raise your hand to talk; ask for what you need: supplies, help with something, etc.)
3. When a student doesn't follow a classroom rule, remind him of it.
4. Use positive peer pressure, publicly praising desired behavior in students.
5. When an undesired behavior persists, pull student aside privately and state undesired action and redirect in a positive way.
6. Inform Area Coordinator of situation so issue can be resolved.
